

September 2016

We have used Taste of Excellence for catering for almost two years. We are a tasting room and use them for our Club Pick up Parties and other events. We have found that when it comes to pairing food with wine, Sandy is excellent and makes perfect pairings. She is easy to work with and very organized. Her food ideas are innovative and well thought out. She is on time and dependable. I would recommend Taste of Excellence for your catering needs.
